Two Amazing New Phlox

Do the names Pinkette and Rosy Blue seem new to you? They are no newer than these two beautiful Phlox, for the names were coined to describe new and rare coloring—coloring you have never seen before—coloring of rare and unusual beauty

Rosy Blue

There have been many "Blue" Phlox but none of such unusual and beautiful coloring as the new "Rosy Blue." In it, shades of blue and rose intermingle in an amazing fashion that really does produce the effect of a rosy blue—not purple or violet, but "Rosy Blue."

"Rosy Blue" is a child of the famous "Daily Sketch," and inherits the **unusually large florets** of its parent. It also inherits vigor, productiveness, and fine well-filled, symmetrical heads. It seems entirely immune to disease. Whether you are an ordinary gardener or fancier, you should have Phlox Rosy Blue. It will create a new and magical color note in your garden.

Bargain

For a nice display, with beautiful color harmony, order three Rosy Blue and two Pinkette, then plant alternately, beginning with the Rosy Blue. We allow this special price:

3 Rosy Blue Phlox	\$1.50
2 Pinkette Phlox	1.00

Total Value\$2.50

Special Price — \$2.15

PRICES
1 for \$0.55
2 for 1.00
4 for 1.85

Pinkette

Pink—just a very little pink—pink so delicate that it can scarcely be seen—and yet it is there, making this new Phlox Pinkette the loveliest Phlox ever offered to garden lovers. Really, we had difficulty in deciding whether to call it pink or white, for in the natural flowers the color is only just barely discernible. In the end, we coined a new word, Pinkette, to describe it, as we knew of no existing word that would do. Pinkette has the sweetest coloring that you ever saw. It is a flower that will really enchant and delight you.

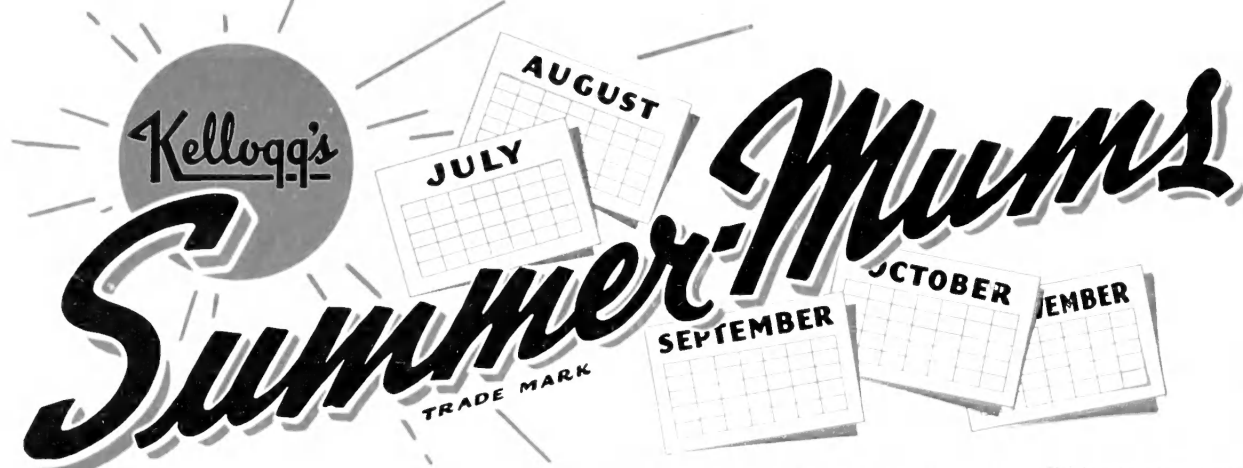

And, not only is the coloring enchanting in its newness and beauty, but, being a child of Morgenrood, the Phlox has all the good characteristics that a Phlox should have. Florets are large, well shaped, and occur in masses to form beautiful, symmetrical heads. Foliage is dark green and lustrous, strong and upright, and the Phlox does not seem subject to disease. It presents no difficulty to the home gardener.

We predict that Pinkette will be the outstanding Phlox among all Phlox for years to come. Do not fail to have it in your garden if you really want to be up to date. Supply is limited so we advise that you order early.

Dean Kay, the first of Kellogg's Summer-Mums gives beautiful flowers by the hundred in the late summer, just when you need them most.

"Summer-Mums" is not a plant name—it is a trade-mark which applies only to plants of this group, as sold by the R. M. Kellogg Company, Three Rivers, Mich. It must not be used by any other firm or individual engaging in the nursery business. The variety name for the plant shown here is Dean Kay.

Hundreds of Blooms

Just imagine this new flower in your garden. Dean Kay Summer-Mum gives you loads of big radiant blooms, starting in July when flowers are scarcest everywhere! Flowers continue by hundreds until stopped by heavy frost—light frost will not stop them.

Not only does Summer-Mum Dean Kay bloom in the summer—when flowers are scarce—but it produces blooms by hundreds as shown in the picture at the right. Summer-Mum Dean Kay is a close rival to Azalea-mum in the quantity of blooms produced—and flowers are uniformly rich in coloring. There are very few flowers that can rival Summer-Mum Dean Kay in the richness and beauty of its pink blossoms.

Flowers are excellent for cutting, and ideal for landscaping because of the very many blooms produced.

Very Hardy!

Summer-Mum Dean Kay has been tried in the various parts of the United States, including Maine, and has been found **EXCEPTIONALLY HARDY**.

PRICES: Strong pot-grown plants with ball of earth on roots, 75c each; 2 for \$1.45; 4 for \$2.85.

The picture above shows the exceedingly large number of blooms you will get from a single Dean Kay Summer-Mum. A single plant will produce several hundred flowers at a time.

Important

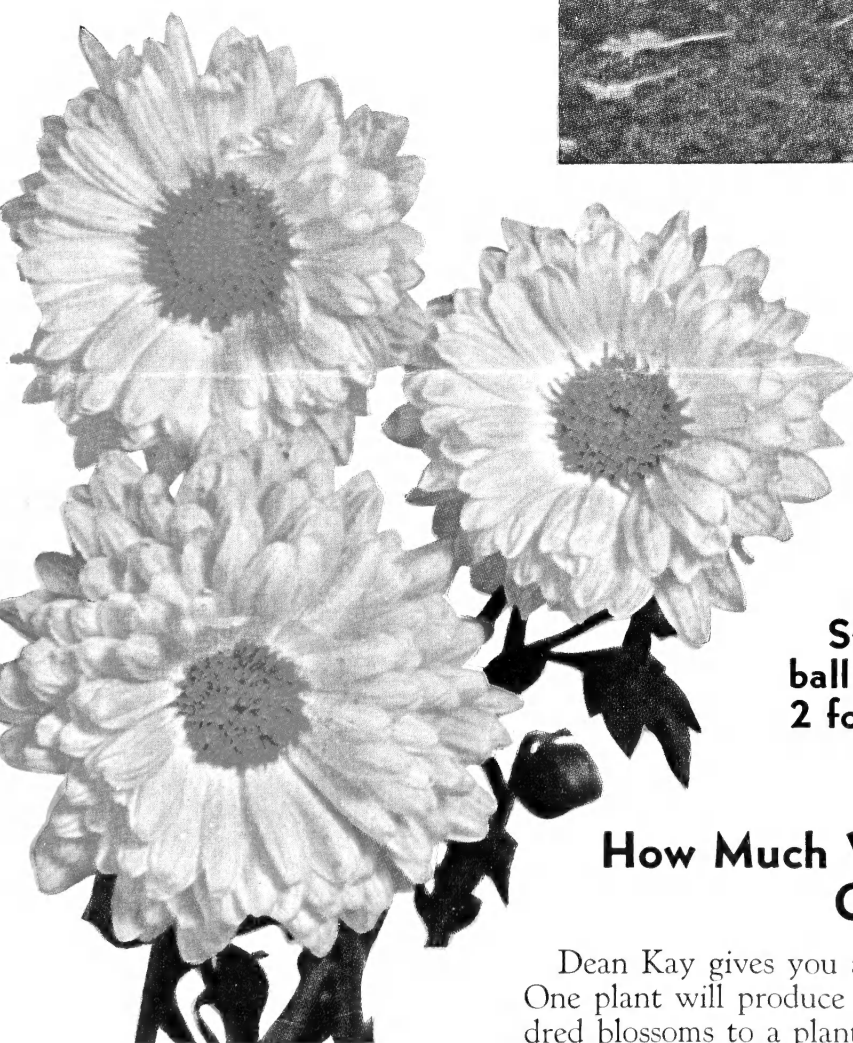

Take a look at the Dean Kay blossoms shown in the group at the left. The picture above was taken outdoors where lighting—so important to good color photography—was poor. The picture at the left was taken under ideal conditions, and shows the correct color quite accurately.

Strong pot-grown plants with ball of earth on roots, 75c each; 2 for \$1.45; 4 for \$2.85.

How Much Would Your Florist Charge?

Dean Kay gives you an immense value for your money. One plant will produce several hundred blooms—five hundred blossoms to a plant would be a conservative estimate. In fact, often plants will have that many flowers open all at one time, and the plant continues to bloom for weeks.

How much would your florist charge for forty dozen flowers? That would be 480 blooms. Could you get them for 75c, the price of a single Dean Kay plant? Less than two cents per dozen. The same flowers bought of your florist might cost you as much as \$1.00 per dozen, depending on locality.

Blossoms of Dean Kay are about two inches across, and uniform in color. Long, sturdy stems; strong, healthy foliage—**exceptionally hardy everywhere**. Plants get as high as 2½ to 3 feet, and often grow 3 to 4 feet across. They are literally loaded with hundreds of blooms at one time throughout the season.

Give Your Garden the Pretty Blues

Your garden needs the pretty blues—not just the blues, but the **pretty blues**, for they help other flowers to appear more brilliant and charming. Blue Flax, on page 7 of this folder, is lovely; and here is—

Blazing Star 4 for \$1.00

(*Liatis pycnostachya*—Kansas Gay Feather.) Not content to beautify the summer months only, this flower can be used for dried bouquets during the winter. Blooms in August and September. Beautiful, tall, lavender-blue, plummy spikes, 2 to 4 feet high. Very hardy. **PRICES:** 3 for 75c; 4 for \$1.00; 5 for \$1.15; 10 for \$2.15.

Now

The word "Gardenula" (pronounced Gar-deen-yula) is a trade-mark, and not a plant name. It is the full trade-mark property of the R. M. Kellogg Company, and must not be used by any other nursery, firm or individual in offering plants of any kind for sale.

Trade Mark *Gardenulas* Pronounced Gar-deen-yulas

Do you like Gardenias? You do, but probably you have never been able to grow them. Now, Kellogg offers a new type of Campanula with blossoms almost exact duplicates of Gardenias in form, yet just as easy to grow as any other Campanula. Here they are. Aren't they pretty!

Gardenula *Blue Gardenia*

Here is the biggest flower sensation since Kellogg's introduced the famous Azaleamum nearly ten years ago. The color is a delicate blue, and flowers occur almost the entire length of the 30-inch-high stems. Five to eight flower spikes per plant. Foliage beautiful dark green, leathery. Blooms from mid-June to mid-July. Unlike most Campanulas, "Blue Gardenia" is a perennial; blooms year after year without replanting. For each of the three years we have offered Campanula "Blue Gardenia" to garden lovers, we have had to disappoint those who ordered late. Send your order early.

soil; ordinary mois-
ture requirements,
full sun.
Note: Gardenulas
"Blue Gardenia,"
and "Bluette" are
not related to Gar-
denias. They are
Campanulas with
flowers of the same
beautiful form as
Gardenias.

Trade Mark *Gardenula* Pronounced Gar-deen-yula *"Bluette"*

Many customers will consider "Bluette" an even more beautiful flower than Gardenula "Blue Gardenia." We call it "Bluette" because there is just a little blue—not all-over blue like "Blue Gardenia."

We have tried to capture the rare beauty of Gardenula "Bluette" in the color picture, but assure you that the flowers are even more beautiful than the picture. For the most part the flowers are a fine, delicate white, lightly tinged with blue. Otherwise the flowers are identical with its companion plant, Gardenula "Blue Gardenia."

Hardy

Insects hardly bother Gardenulas at all, and they easily stand temperatures well below zero. Bloom year after year without replanting. Easy to grow in average garden soil with good drainage. Again we emphasize, not biennials like most Campanulas, but perennials—bloom year after year without replanting.

BOTANY
Azaleamums belong to the Chrysanthemum family but have a peculiar habit of growth similar to that of Azalea, hence their name.

Azaleamum

IMPORTANT

Often, under certain conditions, Santa Claus plants will start blooming with golden yellow blossoms early in the season. These later change to their true color as shown above.

AZALEAMUM startled and amazed the flower world when first introduced in 1933. It has now become famous all over the United States and in many foreign countries. It will bring exclamations of wonder and delight from all who see it in your garden.

No other flower compares with Azaleamum in quantity and beauty of blooms. If you should have only a dollar or two to spend on flowers, buy Azaleamum, for Azaleamum gives you more flower value for your money than any other plant you can buy.

The abundance of blossoms is almost unbelievable. Plants, although small when first planted, reach the size of a washtub by September, first year, and are completely covered with beautiful flowers. No plant has ever more satisfactorily fulfilled the hopes of customers.

Order Now!

Don't delay in sending your order for we have only a limited supply of these beautiful flowering plants. Thousands of people will rush their orders to us immediately and you, too, must rush yours or you will be disappointed.

Hardy!

All Azaleamums and Glormiums are hardy perennials—live through the winter—even more blossoms the second year than the first.

Bargains

Everyone loves a good bargain. We offer you some real ones at the right.

Here are some special offers that will save you money. Friends and neighbors will exclaim at the beauty of Azaleamums and Glormiums in your garden. Don't omit them from your order.

5 Azaleamums \$3.15

4 for \$2.25

One each of red, yellow, white and pink, the four favorite colors. Total value \$2.70. Special price, \$2.25. You save 45c.

Azaleamums Bloom Early

These beautiful plants usually start blooming during August, and continue until stopped by frost. They are a fitting climax to your summer garden. No flowers could end your summer more beautifully.

Comes in Seven Beautiful Colors

600 BLOSSOMS TO A PLANT or more—many customers say over a thousand—a few have had over two thousand. That is what the marvelous Azaleamum will do for you. The large picture below shows the newest of Azaleamum varieties (Azaleamum Summer Sunset) in full bloom. There are also the red Santa Claus, shown at the left, and five other varieties. Individual blossoms of the five other varieties as shown clustered around the large picture. This makes a total of seven beautiful colors.

Each color blooms just like the Summer Sunset—hundreds and hundreds of blossoms—a glorious mass of color. Any one will give you a marvelous display of loveliness. Azaleamums arouse envy and wonder wherever seen.

Azaleamum Golden Wonder

(Plant Patent No. 368)

Flowers are beautiful golden yellow as shown and are produced in great masses just like the Pink Azaleamum, get 3 to 4 feet across and 1½ to 2 feet tall. Hundreds of blossoms open at one time. Starts blooming usually in August and continues until frost. **HARDY!** PRICES: 65c each; 2 for \$1.25; 3 for \$1.85; 4 for \$2.45.

Cultural Note
Plant Azaleamums 2 to 3 feet apart; rich, well-drained soil; ordinary moisture requirements; sun

Golden Wonder

Bronze Beauty

Azaleamum Bronze Beauty

(Plant Patent No. 205)

Flowers appear in a variety of beautiful bronze shades. First they are warm, rich, red-bronze which soon turns to a bronzy yellow with red-bronze center, then later the flowers lighten to a beautiful golden shade. All these colors are on the plant at one time, giving a most beautiful effect. Later all the flowers turn to bronzy yellow. **HARDY!** PRICES: 65c each; 2 for \$1.25; 3 for \$1.85; 4 for \$2.45.

Golden Glorymum

Golden Glorymum

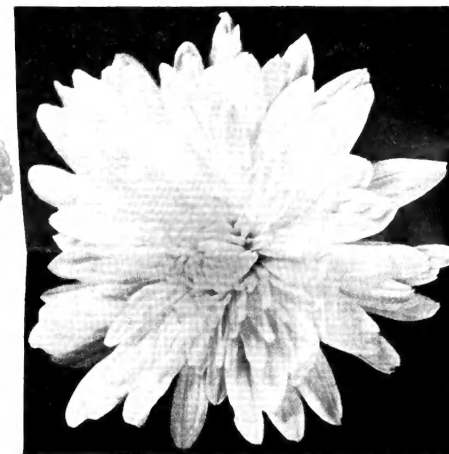

(Plant Patent No. 251)

Here's beautiful golden yellow for you in rich masses so amazing you can hardly believe your eyes. We have seen many beautiful yellow flowers, but we doubt if any will surpass Golden Glorymum in grandeur and beauty of coloring. And not only is the color beautiful, but it is produced in great abundance. Golden Glorymum produces a huge plant 3 to 4 feet across, and every bloom is a marvel of beauty. They are delightful in bouquets and still you have plenty in your garden. Can't you imagine the excitement it is going to create among all who see it growing for you! Everyone will ask where you got it and what is its name. **PRICES:** Strong, pot-grown plants with ball of earth on roots, 65c each; 2 for \$1.25; 3 for \$1.85; 4 for \$2.45.

Azaleamum, Cameo Queen

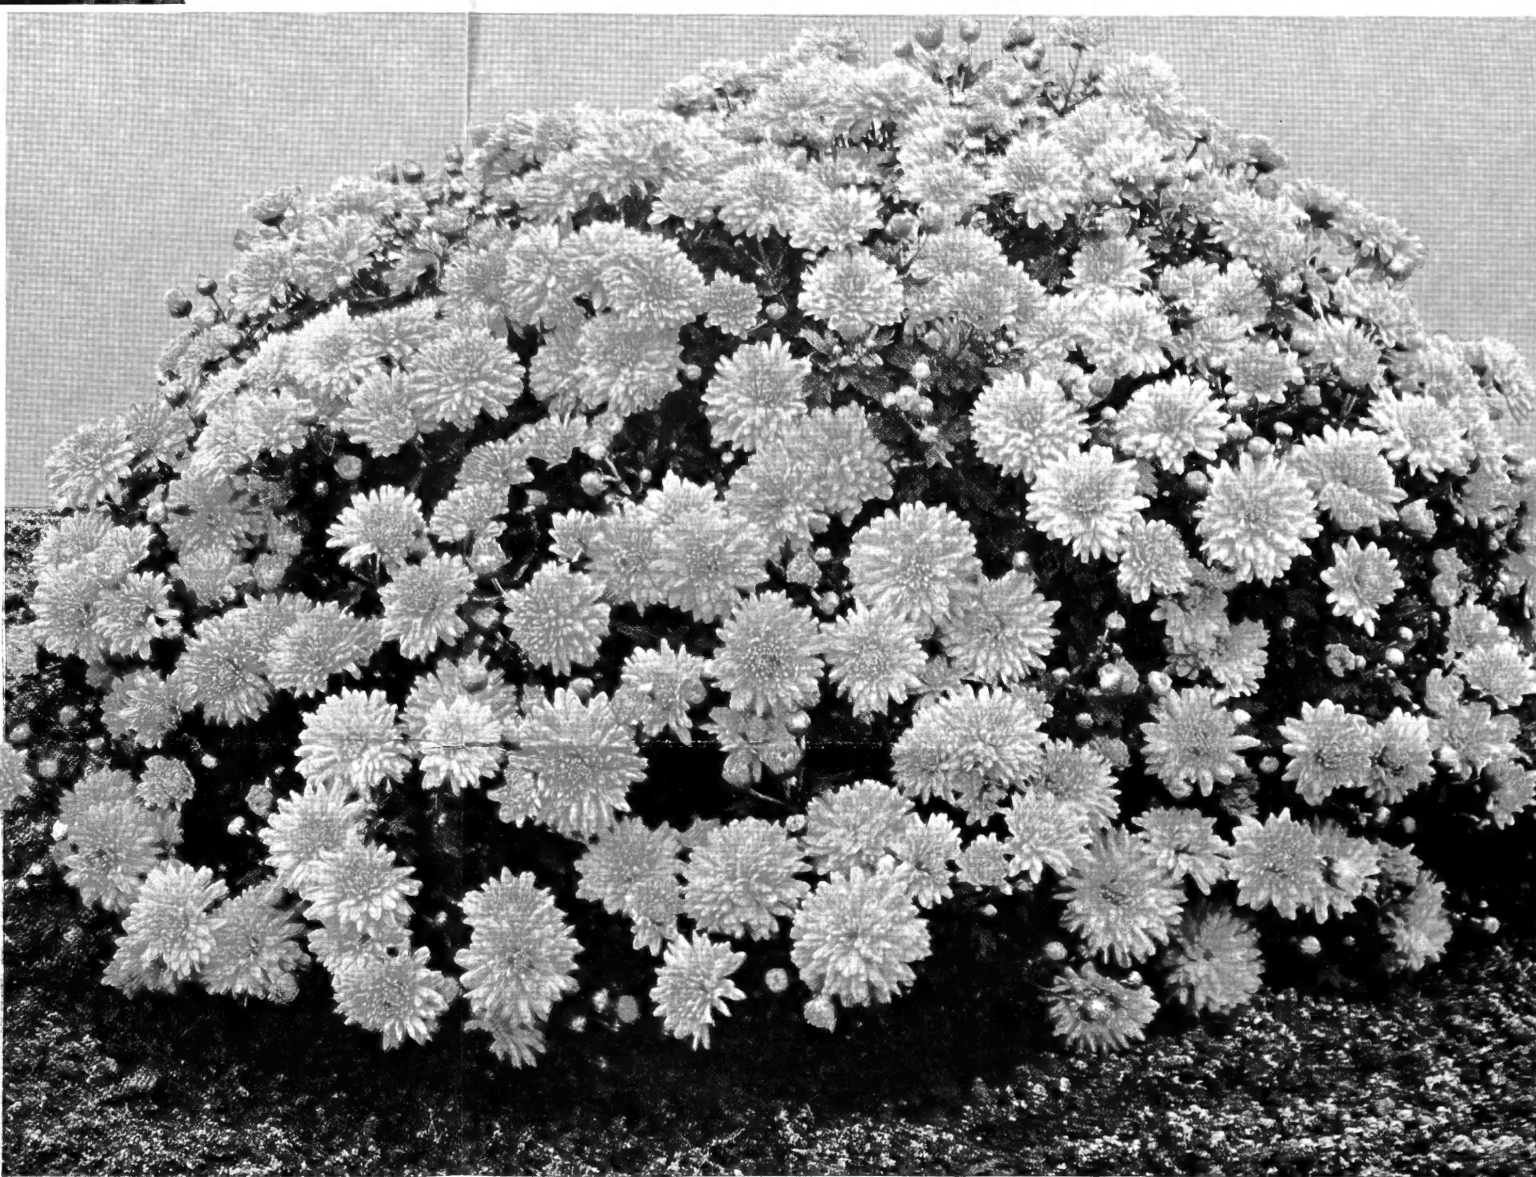

Flowers open deep orchid-pink, then change to light orchid with creamy center, finally salmon-pink with soft yellow center. Has produced nearly 3,000 flowers on one plant first year. **HARDY!** PRICES: 65c each; 2 for \$1.25; 3 for \$1.85; 4 for \$2.45.

Azaleamum, Magic White

(Plant Patent No. 204)

Really one of the most beautiful flowers you ever saw. Blossoms first open a very delicate pink, then as they become fully open this turns to white with faint yellow center, giving the effect of a beautiful snowdrift tinged with the rays of the setting sun, when plant is in full blossom. Every garden should have the White Azaleamum. **HARDY!** PRICES: 65c each; 2 for \$1.25; 3 for \$1.85; 4 for \$2.45.

Azaleamum, Summer Sunset

Santa Claus

Each Santa Claus flower is a dream. They are all striking dark red in color, even prettier than the picture, and are well shaped and large in size—often 2½ inches across, sometimes more. A pretty tuft of small petals in the center opens up and displays a delightful contrasting shade of gold. **ONE OF THE MOST HARDY OF ALL.** Easy to grow. **PRICES:** 75c each; 2 for \$1.45; 4 for \$2.85. Pot-grown plants.

New in 1942

It is not every year that we can present a sensational flower but this year, 1942, we have it in the new and beautiful Azaleamum.

Summer Sunset

Here is a plant which literally seems to shimmer and glimmer in the sun like a magnificent jewel, when covered with its hundreds of blossoms. These vary in shade from rich apricot to light orange, and as the season advances take on shades of buff or fawn, which gradually change to a suffusion of deep rose or coral, underlaid with traces of mauve or orchid. Can you imagine the beautiful effect of so many harmonizing colors appearing all at one time?

Sunset is a continual surprise to you. It does not tire you with one color alone, but has a variety of colors, and each color is glorious and beautiful.

The buds are a rich red just before opening, giving an amazingly beautiful contrast with the open flowers and dark green foliage.

Very early blooming, will start about the first of August or earlier, depending upon the season. Prices: Plants out of 2½-inch pots with ball of earth on roots, \$1.00 each; 2 for \$1.85; 3 for \$2.70; 6 for \$5.25.

KELLOGG'S Surprise Rock Garden

This unusually fine bargain contains some of our finest plants. You get a fine variety, at least ten different kinds. Plants guaranteed to reach you in good growing condition, or any that do not will be refilled free. PRICES: 20 Surprise Rock Garden plants, \$1.95; 40 for \$3.85.

TRADE MARK

DAZZLER

Kellogg's Dazzler, the new improved hardy, everblooming Carnation is the heaviest blooming, most gorgeous and largest flowering hardy Carnation ever introduced. Foliage is dark olive-green and each plant produces 20 to 30 strong, 15- to 20-inch blooming stalks supporting flowers in great profusion. 40 to 50 bright crimson flowers open at one time on each plant. The blooms are richly clove-scented, deep crimson in color, and the plant blooms continually from the middle of June to late October. Will bloom all winter if potted and put in medium warm room. Plant grows nearly as large as a bushel basket first season, and it's hardy, too; stood 15 degrees below zero without injury. Blooms first year.

Dazzler is the gem of the rockery, the dazzle of the flower garden, the king of the border, and the greatest of all flowers for group planting.

Glorify your garden with Kellogg's Dazzler, the brightest red and most dazzling flower of all time.

8 Pacific Delphiniums \$2.00

Why pay big prices for Double Delphiniums when you can get them for half? These Pacific Hybrids will be nearly all double. You should get five or six doubles, or more, in the eight, in a wide range of colors from light blues and lavenders to dark blues and purples. Occasionally there will be a white. We cannot allow choice of colors as these are hybrids.

PRICES

Hybrids, no
color choice.

4 for \$1.15

8 for 2.00

16 for 3.75

Better order your Delphiniums early this season, as we have only a limited supply. Delphiniums are among the most beautiful of garden flowers. They furnish you with the pretty blues that you need so badly to make your garden attractive, and they are one of the best background plants. You need them in your garden.

Orange Prince

5 Hollyhock \$1 Orange Prince

Deep fiery orange in the crevices, shading to a lighter creamy orange at the edges. Grows 6 to 8 feet. Blooms June and July. Plant 18 to 24 inches apart; ordinary well-drained soil; ordinary moisture; sun; mulch in winter. PRICES: 30c each; 3 for 80c; 5 for \$1.00.

Red Hot Poker

Careful there! Don't burn your fingers! Red Hot Poker does look hot, doesn't it? Yes, it is just like a real, glowing, red hot poker. 3 to 4 feet high. Blooms August to October, when fiery color is needed. Plant 15 to 18 inches apart; well drained soil; ordinary moisture; sun; mulch in winter. PRICES: 35c each; 2 for 55c; 4 for \$1.00.

KELLOGG'S "Aristocrat" Glad Collection

At least ten different varieties will be given, and probably more, so that you will have a beautiful color range—reds, whites, mauves, pinks, yellows, and all the fine colors of Gladioli.

Last year \$3.35—now only \$2.65—that's the good news about Kellogg's Aristocrat Glad Collection. Collection composed entirely of varieties priced in our catalog at \$3.85 per hundred by variety. You save \$1.20.

YOU will ask how we can make this amazing offer. These bulbs will be varieties of our own choice, and unlabeled, although guaranteed to come from the Aristocrat group. By handling the collection in this way, we can fill your order out of our surplus stocks of the Aristocrat varieties, and the advantage of keeping the stocks balanced in this way is so great, that we make this fine offer.

Every bulb in this collection will be choice blooming size, hardy and robust, with plenty of vitality to produce loads of large beautiful flowers this year. They will be the same size bulbs that you would get if you ordered by variety from our catalog at the much higher prices quoted there.

Don't overlook the saving of \$1.20 that you make by ordering this collection.

Order Early!

A conservative estimate says that we will not have enough bulbs to fill all orders of this fine collection, so we advise you to place your order at once, while we still have a good supply.

GUARANTY

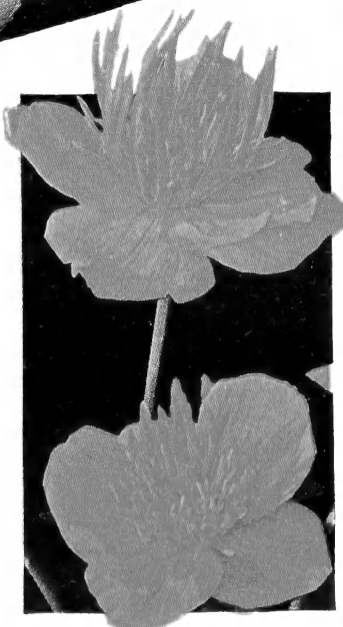

We guarantee that all bulbs in the Aristocrat collection will be from varieties listed in our catalog at \$3.85 per 100 by variety, and that all will be the same size and blooming quality that you would get if you ordered by variety. Bulbs must reach you in good condition or any that do not will be refilled free.
